

STATEMENT OF ENVIRONMENTAL POLICY

At John Heyer Paper, we recognise our activities have an effect on the local, regional & global environment. Because of this, the management are committed to continuous improvements in environmental performance & the prevention of pollution. Environmental regulations, laws & codes of practice are regarded as setting our minimum standards for environmental performance.

Recycling

The Company's primary corporate environmental strategy is sustainable waste management & recognises its responsibilities to recycle materials wherever possible.

Resource Consumption

All members of the Company are aware of the impact they have on the environment & have committed to conserving resources through efficient use & careful planning.

Mills

We will work with Paper Mills wherever possible to ensure they recognise & reduce the environmental impact of their products & transportation.

Training Personnel

Our policies are implemented through guidelines & training providing support to all Company members where possible. This entails managing performance & setting targets based on the company's environmental goals.

Audit

The Company conducts an annual self-evaluation of performance in implementing these principles & in complying with all relevant laws & regulations.
